

MICROTEK LEARNING COMPANY DECK

AN INTRODUCTION

At Microtek Learning, we've etched our name in the education industry. With technology and business training expertise, we've been a reliable partner in countless success stories. Over 15 years, we've consistently delivered excellence in education. Impressive, right? But even more astonishing is that we've catered to the needs of over 80% of the esteemed Fortune 100 organizations.

Our team is a carefully curated collection of subject-matter experts and learning professionals. Their dedication to empowering individuals and organizations is unparalleled.

OUR VISION

We aspire to become the most trusted learning organization worldwide, driving innovation and ushering in positive change. Our mission revolves around providing bespoke training experiences that align perfectly with your goals and aspirations. Together, let's chart a course to success!

The IT Training Landscape

Market Overview: The IT industry is constantly evolving, with cutting-edge technologies emerging at lightning speed. Staying ahead of the curve is not just an advantage; it's necessary for achieving success and maintaining a competitive edge. At Microtek Learning, we understand the pulse of this dynamic market and equip learners with the knowledge and skills to navigate it confidently.

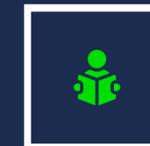

Skill Gap

The rapid pace of technological advancements leaves learners struggling to bridge the gap between their current skill set and the latest industry demands. We recognize this challenge and address it head-on through our comprehensive and up-to-date training programs.

Business Alignment

Organizations face the daunting task of aligning their workforce with the ever-changing IT industry landscape. Microtek Learning offers tailored solutions that help businesses ensure their teams are equipped to adapt and excel in this dynamic environment.

Learning Experience

Engaging and compelling learning experiences are paramount for learners seeking to maximize their potential. At Microtek Learning, we deliver courses that inspire, motivate, and empower individuals to achieve their professional goals with enthusiasm and dedication.

Our Solutions

01

Comprehensive IT and Business Training

From cutting-edge technology to savvy business strategies, our extensive courses empower you to thrive in the ever-evolving world of IT and business.

02

Testimonials Hear From Thrilled Customers

Erick Cabeza Figueroa

Excellent services, well delivered and professional training, will definitely use again

James Ingersoll

I completed PowerShell certification Training with Microtek Learning and my overall experience was amazing. Instructor was very patient with me to make me understand all concepts in detail.

Helen Jacobson

I did Configuration and Management (EDU-210) Training with Microtek Learning and Instructor was very conversant and engaging and their post training support is awesome, if someone want to do any certification training, I highly recommend Microtek Learning to choose for the same

Cathy Furukawa

I was happy with all aspects of Manage SharePoint Training and OneDrive in Microsoft 365 Training. My instructor had excellent knowledge of the material and had good presentation skills.

Larry Forwood

I would like to thank your organization and trainer, Richard, for excellent ISO/IEC 27001 Lead Auditor Training that is provided to our employees. Looking forward to doing other training with Microtek learning in future.

Kandis Shay

I attended PRINCE2 Certification training with Microtek Learning and very much satisfied with their course curriculum and Instructor. I would like to do my upcoming training with them.

Arnold Brooks

I was recommended the ITIL 4 Foundation course by an IT professional who had completed the same course at Microtek Learning. The training gave me a thorough understanding of service management that I felt I could take back to my job as an IT project Management and apply it to improve the value of product and services

Victor Gill

I am very much happy and satisfied with the course provided by Microtek Learning.. The Trainer was very helpful and he had the deep knowledge about the course.
